Chairman's Address

In the name of the Almighty Allah

Honourable Shareholders,

A very warm welcome to you all at the 22nd Annual General Meeting (AGM) of your company. On behalf of your Board, I take this opportunity to express my heartfelt gratitude to you all for your continued co-operation and trust. On the occasion of this AGM, I am obliged to place before you the Annual Report along with the audited financial statement of the Company for the period 1st July 2016 to 30th June 2017.

ICT industry has seen a steady growth in Bangladesh during this period. But unscrupulous competition prevailed in the market. Operating costs of the company increased. Bandwidth price continued to fall during the period but NTTN costs did not fall. However, ISN has maintained its reputation by ensuring excellent customer service, implementing quality control in technology and process design.

The overall financial performance of ISN during the period 1st July 2016 to 30th June 2017 has slightly improved but was not enough to overcome the loss. During the year your Company incurred net loss after tax of Tk. 5,650,036.00. The loss occurred mainly due to depreciation of Tk. 27,64,932.00 on revalued amount of fixed assets; Tk. 24,36,126.00 on extra interest expense and amortization of deferred expenses of Tk. 4,65,436.00, which was beyond the control of the Company. EPS for the year was in the negative figure Tk. 0.52. As there was no retained earnings, the Board of Directors sadly could not recommend any dividend to the shareholders for the year.

Since the companies which are in 'Z' category are barred by SEC from buying/selling/transferring shares, the present Board of ISN was unable to increase and achieve total 30% shares required to be held by the Board. As the only way to achieve 30% shareholding by the Sponsors/Directors was to include new directors in the Board from the Shareholders who hold at least 5% of the total outstanding shares, the Board of Directors appointed Mr. Sajedur Seraj as a Director as he was holding 5% of the total shares. The Board of Directors of the Company is happy to negotiate with Shareholders holding 5% or more shares to enable include them in the Board as Directors to comply with BSEC's Notification No. SEC/CMRRCD/209-193/119/Admin/34, dated November 22, 2011. Kindly appreciate our position on the matter.

In conclusion, I would like to extend my gratitude to the Bangladesh Securities and Exchange Commission (BSEC), Dhaka and Chittagong Stock Exchanges, Office of the Registrar of Joint Stock Companies & Firms, National Board of Revenue (NBR) and the valued stakeholders for their support and valuable guidance.

May the Almighty Allah guide and bless us all in our future endeavours.

Sayeed Hossain Chowdhury
Chairman

Directors' Report

To the shareholders for the period from 1st July 2016 to 30th June 2017

Dear Shareholders,

We, on behalf of the Board of Directors, extend a very warm welcome and good wish to all on the occasion of the 22nd Annual General Meeting of Information Services Network Limited (bangle.net), the first Internet Service Provider in Bangladesh. The board has extensively gone through the Audited Financial Statements of the company and presents the audited financial statements for the period 1st July 2016 to 30th June 2017 with the Auditors Report for your kind consideration.

COMPANY OPERATION

The last year's trend continued and effect remained on the market itself. Uncertainty and business instability although reduced but remained as a major factor for market financial stability. Unhealthy competition remained to be a major factor for most ISP's. ISN Ltd. is yet to come out from the prices of bandwidth and NTTN costs. Still within ISN Ltd's limited scope of financial position played its role to remain as one of the leading internet service provider. Accordingly changes have been made within the company structure giving better and positive results. This has ensured to recover from further losses. Thus this year we will see reduction of losses and its partial recovery.

KHULNA OFFICE

Khulna office by now has been able to hold its status as one of the leading market share holder in context to cliental position. It is for quite some times now due to financial constraint resources necessary could not be mobilized for proper expansion programme. Hence, the company is deprived from the increase in revenue. However, Khulna office took the initiative and moved forward with the expansion programme towards all Upazila of Khulna, Satkhira, Jessore, Bagerhat, Patuakhali districts including Barisal City Corporation. It is expected that the revenue from Khulna office will increase in the coming fiscal year.

GULSHAN OFFICE

Gulshan office is a standalone office of ISN and it has been serving the upper level clients to its best of ability. The newly acquired devices has helped Gulshan office move to new locations of Mohakhali, Banani, Bashundhara, Shahjadpur and Uttar Badda. To move forward installations of POP inside Badda and Bashundhara area has become essential. It is expected that within the coming months it will be established.

The competition remains as the main challenge by this office with some of the largest ISP's in this area. Revenue remained similar or little better than the previous year.

MOTIJHEEL OFFICE

A major percentage of our bandwidth sale is based with our corporate customers in Motijheel area. By now Motijheel office has upgraded to the level to satisfy its customers/clients. Motijheel office is presently proving services and facilities of internet, Data Connectivity, email solution, IP Phone, VPN etc. Although revenue should have increased but due to competition with all major

ISP's the revenue increase has become very slow.

The growth strategy that has recently been taken and curtail of office expenses made, it now seems that in the next year better revenue earning will be shown.

UTTARA OFFICE

The change of the office premises has helped this office to ensure proper overhead fiber optic cable laying and establish direct link with Gazipur office. The lack of manpower (Experienced Marketing person) remains as one of the major challenges for this office to generate more revenue. Still the price fluctuation of bandwidth remain the biggest bottleneck in generating satisfactory revenue. It is expected that the revenue from this office will increase to a satisfactory level from next year.

NARAYANGANJ OFFICE

Narayanganj office is now back to its own premises. This has helped this office to regain some of the clients that was lost. The revenue of Narayanganj is improving with the pace of time. The acquisition and establishment of Radio Link Network provided substantial benefit in increasing its revenue. The backbone problem does not exist anymore. Direct Radio Link with Dhaka and Narayanganj has made this office stronger in serving its clients.

It is through Narayanganj Radio Link ISN now have been able to establish connectivity in remote areas of Chandpur, Munshiganj, Araihasar, Keraniganj, Sonargaon, Sreenagar. It is expected that in the coming year Narayanganj will be able to increase its revenue by 20-30%

GAZIPUR OFFICE

In May 2017 Gazipur office established direct link through Optical Fiber with Uttara office which increased revenue. The continuation of the expansion program Gazipur NOC connected the new area like Ashulia, damrai Savar, Norshindi. Gazipur will have to plan laying fiber optic cable as well as Radio link to remain in the competitive market. Last year we have connected our own fiber optic cable to our main valuable POP (Farr Pop, Delta Pop, Gazipur NOC) at Gazipur area for consumption high traffic. To provide better support to the valuable clients Gazipur office is always upgrading system and bandwidth. To increase number of clients a new 3 legs Tower has installed.

It is highly expected that the expansion programme (fiber optic and radio Connectivity) will increase revenue in the coming years..

CORPORATE MANAGEMENT

The Board's commitment of ensuring standard of corporate management is being followed and well understood. Mid level management has now been made accordingly to the requirement. The vacuum that was created has been fulfilled and it is expected that goals set by the Board on behalf of the share holders will be made within next year. The Board of Directors and the Management ensured maintaining compliance with all requirements of regulatory bodies.

MARKETING and BUSINESS DEVELOPMENT

ISN Ltd has taken initiative in the Marketing department and new recruits have been brought in to strengthen this department. Serious efforts have been made to focus in Gazipur and Narayanganj. It was already mentioned that ISN Narayanganj office is now in its own premises and established strong Radio Link backbone. It is through Narayanganj Radio link, now ISN have been able to establish connectivity in remote area of Narayanganj, Mushigonj, Araihasar, Keraniganj, Rupganj, Sonargaon, and Jatrabari. The acquisition and establishment of radio link network provided substantial results. It is felt now that increase of clients as well as fresh addition of revenue will be included. We also expanded our network at Satkhira, Feni and Jamalpur district.

ADMIN & HR

Admin & HR division again continues to maintain the standard required to provide better services to its clients by employing appropriate persons. Including new bloods to the company has always been in the mind of Admin & HR. The manpower of ISN for the year 2014, 2015-2016 and 2016-2017 is as follows:

Particulars	2016-17	2015-2016	2014
Number of Employees	119	120	117

SOFTWARE

It is to be understood that this company continued to work on software mainly for in house purpose. The changes that took place with software division by curtailing manpower to minimum requirement has reduced partial financial burden. However, web hosting and web designing continues to draw reasonable revenue for the company. The software financial package which is developed with the support of proper software engineer needs further tuning to put it in the market.

The database of new client list has been completed and now needs to be utilized by appropriate persons and organization. This small group has provided avenues for the marketing division to generate revenue for the company.

FINANCE

Finance division seeks the guidance of Bangladesh Securities and Exchange Commission (BSEC) and continues to comply with notification, directories and orders. It also places on record the advice and procedures suggested by the Audit Committee that has been beneficial to be more transparent in all sectors of finance. Our latest Financial Statements and all other price sensitive information are available in our website:

http://www.bangla.net/welcome/financial_information

COMPANY PERFORMANCE

The company did not perform well due to various reasons and incurred a net loss before tax of Tk. 5,102,202.00 for the period 1st July 2016 to 30th June 2017.

Year	Net Profit (in Taka)
2012	3,258,030
2013	(11,036,804)
2014	(7,406,146)
2015-2016 (July-June)	(6,260,324)
2016-2017 (July-June)	(5,102,202)

NO DECLARATION OF DIVIDEND

As the company incurred a net loss after tax of Tk. 5,650,036.00 and as there was no retained earnings, the Board of Directors proposed no dividend for the period 1st July 2016 to 30th June 2017.

Year wise dividend declaration pattern from year 2012 to 2016-17 is provided here:

FUTURE PLAN

There are problems of reaching remote areas of the country with active fiber optic cable network and Advanced quality Radio Technology service. That is why we have a plan to deploy GPON technology (passive network with less requirement of power) to connect mass of people beside of our existing "Free Radio Frequency" service. For the present market demand, we will need to increase or improve our fiber network coverage to catch up new clients. That is, we have to plan for deploy FTTH (Fiber to the home) based on GPON technology in Dhaka and Khulna location for increasing future coverage area.

It is for quite some time now due to Financial constraint resources necessary could not be mobilized for proper expansion plan. However, we look the initiative and moved forward with expansion plan towards Savar, Tangail, Jamalpur, Barisal, Satkhira, Pirojpur and Jessore districts.

It is time to explore, accordingly coming year ISN Ltd will expand its IP Telephony service. We will give more focused on MNC, NGO, Industrialization office and enterprise market all over Bangladesh. ISN IP Phone department working to new call center solutions introduced for clients.

ISN Ltd has been working with security surveillance products Like CCTV Camera, IP Camera Solution Service for Corporate & home based solution. It will render a huge scope in present market effectively, where we can earn more revenue for the company.

IP Telephony : ISN announces the IP Telephony communication services, Branding 'BTEL' into Bangladesh market. Information Services Network Ltd (ISN) combines voice, data and Internet services over the same connection for maximum value and flexibility.

BTEL is a fully managed business phone system solution that provides everything a business needs - equipment, installation, maintenance, support, updates and more. It also provides a converged communication solution that combines voice services and Internet over a single IP connection utilizing a customer's existing Internet system, therefore, eliminating the expense of purchasing new equipment.

BTEL IP Phone provides advantages over any other options and one can record any call one make or receive - or one can record all calls all the time. One can play, pause and rewind recordings anytime from our website or download and store them forever on PC or server. Call recording used to be very expensive and difficult but with BTEL IP Phone we have made it extremely simple and very affordable in fact, just a few paisa per recording.

Voicemail is the digital answering machine, but unlike a normal answering machine one can get messages from almost anywhere using BTEL IP Phone, on mobile phone from the Internet and even by email. One can record personal message directly by using the pre-programmed message that we provide.

Risks and Concerns

Although IT is a flourishing sector with great potential in Bangladesh, it also has its own risk factors like all other businesses. The related risks factors for IT industry are regulatory risks, market risks, risks related to technology, political unrest, unscrupulous competition in the market, increasing govt. payments in the form of VAT, Taxes, and Fees etc.

Future Outlook

Internet Bandwidth price is the lowest in the country now. With the arrival of ITC's (International Terrestrial Cable) and IIG's (International Internet Gateway) license holders, prices are low and the market remains very much competitive. The Board of Directors always emphasized the need of reaching new customers in new geographic locations including at District and Thana level to expand the business. The board also hopes that the government will emphasize more on country wide infrastructure sharing for ISPs at a much lower cost and at the same time will look into the Tax and VAT charges which remain pretty high in context to the charges of other business sectors.

Cost of Goods Sold, Gross Profit Margin and Net Profit Margin

The Statement of Profit or Loss and Others Comprehensive Income shows that the Cost of Goods Sold for the period ended 30th June 2017 (July 2016 to June 2017) is Tk.33.31 millions against Tk.28.98 millions for the same period of last financial year. BRIEF PROFILE OF DIRECTORS

Mr. Sayeed Hossain Chowdhury
(Chairman & Sponsor Director)

Mr. Sayeed Hossain Chowdhury

Unlike traditional feudals, four to five generations, apart from land owning, the past generation took up business, went for College and University education and joined high Govt. posts during British regime and also pursued intellectualism (leading lawyers and Newspaper editing). The family is acknowledged as one of the well-established, respected and reputed entrepreneurs of Bangladesh.

After completing his higher education in London – UK, Mr. Sayeed H. Chowdhury joined the family business in 1981 and was based in the Sultanate of Oman until 1987, looking after its business interest in the Gulf region. Returned home to work for the family company “Karnaphuli Group” as its Director Finance and Planning. In March 1991, Mr. Chowdhury founded the HRC Group, the much acclaimed and multi faceted blue chip business house of Bangladesh. Initially starting as a shipping agency, the group is now a leading conglomerate of Bangladesh consisting of nineteen (19) member companies with diverse interest which includes but is not limited to ship owning, chartering and agency, tea estate and rubber plantation, blending and packaging of tea for local market and export, real estate, print media, manufacturing/marketing of lighting products, distribution, insurance, housing finance, merchant banking, information technology, etc. Export performance of HRC in the tea sector has earned Mr. Chowdhury the Government CIP honour for twelve (12) consecutive years. He is the Founder, Chairman and CEO of HRC family of companies. Mr. Chowdhury is also Chairman of Media New Age Limited and a Director of Holiday Publications Limited. He is the Chairman of the Editorial Board of the Bangla National daily Jajaidin and Chairman of ONE Bank limited. He is a Sponsor Shareholder of Bangladesh General Insurance Co. Ltd. Mr. Chowdhury is the ex-president of Bangladesh Oceangoing Shipowners’ Association (BOGSOA). He is also a member of the British Institute of Management.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF INFORMATION SERVICES NETWORK LIMITED

We have audited the accompanying separate financial statements of Information Service Network Limited ("the company") as well as the consolidated financial statements of Information Services Network Limited and Its Subsidiaries ("the group") which comprise the separate and the consolidated statement of financial position as at June 30, 2017 and statement of profit or loss and other comprehensive income, statement of changes in equity, statement of cash flows for the period then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this consolidated financial statements in accordance with Bangladesh Financial Reporting Standards (BFRSs), the Companies Act 1994, Securities and Exchanges rules 1987 and for such internal control as management determine as necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSAs). Those standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatements of the consolidated financial statements, whether due to fraud or error. In making those risks assessments, we consider internal control relevant to the entity's preparations and fair presentations of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentations of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Other matter :

The financial statements of Golden Key ISN Private Limited, subsidiary of Information Services Network Limited, has been audited by us and expressed unmodified opinion on those financial statements.

Basis for Qualified Opinion

- (i) Age wise analysis of debtors amounting to TK 103,575,480 was not disclosed as per companies act 1994 schedule XI, part 1 and particular of debtors have not been disclosed which is the non compliance of the companies act. 2.05 Specific accounting policies selected and applied for significant transactions and events.

Recognition of Property, Plant and Equipment and Depreciation.

Property, Internet and Office Equipment are stated at their cost less accumulated depreciation in accordance with BAS 16 "Property, Plant and Equipment". Depreciation on addition has been calculated since available for use. Depreciation on all other fixed assets is computed using the diminishing balance method in amounts sufficient to write off depreciable assets over their estimated useful economic lives. Expenditure of maintenance and repairs are expensed; major replacements, renewals and betterment are capitalized.

The depreciation rates applicable to the principal categories are:

Internet and Office Equipment	10-15%
Office Equipment	15%
Furniture and Fixtures	10%-15%
Transport and Vehicles	15%
Building	5%
Other Assets	10 -15%

Different between re-valued asset and carrying amount of asset resulting in revaluation surplus (Building Flat) was not recognised as income in the last years income statement and the surplus was directly credited to equity as "Revaluation Reserve". The depreciation on the re-valued asset has also been charged to profit & Loss Statement and adjusted to equity resulting in decrease in "Revaluation Reserve".
